

MB Smart Commute Scorecard

The goal of the Commuting Scorecard is to track your progress on smart commuting to work. By keeping track you will be eligible for discounts, bus passes, gas cards, etc. Employees who participate must fill in the scorecard for each month, and return it via email to Erinn Perry at EMPerry@mbvt.com by the 15^h of the following month.

The “Miles saved” column will not affect the specific awards but will help us track how many miles overall we are saving as a company.

There are two ways to earn rewards for using alternative transportation:

1. For each occurrence during the period (month), you will be entered into a drawing for a **\$50 gift certificate to Bond Auto**. To qualify for the raffle you must have at least 4 occurrences throughout the period.
2. For those who demonstrate consistency in smart commuting will be eligible for various discounts and gift cards according to the eligibility requirements listed below. Limit one gift card per period.

Use the following codes when filling out the scorecard:

D – Carpool Driver

B – Bike

W – Walk/Run

R – Carpool Rider

P – Public Trans

Name:				Branch/Dept:
